Hospitalists Provide Smooth Recovery

Conway Medical Center does all we can to provide an optimal healing environment for each and every patient entrusted in our care. Our hospitalists who are on site 24 hours a day, 7 days a week, help us do just that by providing consistent, ongoing care from admission to discharge.

Hospitalists are physicians who provide care in the hospital setting only. They visit patients on a daily basis during their hospital stay and work closely with each patients' primary care physicians to provide the best care and treatment plans during the patients' hospitalization.

Our hospitalists are readily available to a assist patients and their families and answer any questions you may have. They continually monitor a patients' progress, follow up on test results and make quick treatment decisions based on patients' conditions and/or test results. Prior to discharge, our hospitalists will send patients' hospital records to their primary care physician and help arrange follow-up care to ensure a continuum of care.

See page 2 for a fully listing and photos of CMC hospitalists.

Tanger Pink Style

CMC Foundation Mammography Initiative

During September 12—October 25 the 19th annual Tanger Pink STYLE campaign will take place at the Tanger Outlet Centers in Myrtle Beach. Shoppers can purchase cards for $1 and receive a 25% discount on a single item at participating stores located in the Tanger Outlets on both Hwy 501 and Hwy 17. Proceeds from the Pink Card sales will be donated back to CMC Foundation's Mammography Initiative. The mammography initiative gives

CMC WELLNESS CENTER GOES 24/7!

Conway Medical Center's Wellness & Fitness Center now hopes to eliminate the challenge of accessibility to a top-notch facility and equipment by converting to 24-hour access. This change means any Wellness & Fitness Center member can access all cardio equipment, free weights, weight machines, racquetball court and indoor walking track at any time by scanning their membership card. "We've had several requests for extended hours recently and wanted to accommodate the needs of the people in our community. Our goal is to help anyone and everyone that chooses to live a healthier lifestyle," says director Jon Gibson.

The Wellness & Fitness Center is located directly across from the hospital. For more information on services and membership call 843-347-1515.
