We are committed to COMPASSIONATE CARE and SERVICE EXCELLENCE

Here we will review:

Mission, Vision & Values

Service / Expectations / AIDET

Culture / Diversity

HIPAA / Corporate Compliance

Infection Prevention / Safety ~ Red Rules ~ Codes

Language Services / And more.....

2

MISSION STATEMENT

Conway Medical Center will improve the overall health of our communities by being a leader in health care.

CONWAY MEDICAL CENTER

VISION STATEMENT

CMC will be the regional healthcare system of choice, by delivering high value service across a seamless continuum of care.

3

These VALUES have guided Conway Medical Center's mission since 1928, as an expression and intent of our original founders

Excellence

Deliver the best outcomes and highest quality service through dedicated effort of every team member.

Compassion

Treat all individuals with sensitivity, empathy, dignity, and respect.

Healing

Inspire hope and nurture the well-being of the whole person, respecting physical, emotional and spiritual needs.

4

Values

Teamwork

Value the contributions of all, blending the skills of individuals in unsurpassed collaboration and shared accountability.

Stewardship

Sustain and reinvest in our mission by wisely managing our human, natural and material resources.

Innovation

Inspire and energize the organizations, enhancing the lives of those we serve, through the creative ideas and unique talents of each individual.

Integrity

Take personal accountability for the highest standards of behavior, worthy of the trust our community places in us.

5

Patient & Family Expectations Kindness ~ Empathy Responsiveness

Acting quickly and effectively to meet customer needs.

Example: Seeing that a patient needs assistance and YOU ARE there to offer non clinical aide quickly

6

5

You are this hospital

We have a stake in your attitude. We are judged by your performance. We are the care you give, the attention you pay, the courtesies you extend.

A moment of truth happens when a customer comes into contact with any aspect of the company, however remote, and forms an impression. Make that impression EXCELLENT!

Evaluating Our Performance

Every job is a self-portrait of the person who did it.
"Autograph your volunteering with excellence."

7

We have a Commitment to Excellence Press Ganey Patient Satisfaction Survey Process

- Press Gainey conducts surveys with randomly selected patients after discharge to aide in evaluating our performance
- Monthly and Quarterly Reports are posted and shared on in patient care area for staff

8

8

CONWAY MEDICAL CENTER

IT ALL STARTS WITH A SMILE

- Whether you are in person or on the phone. There is nothing like a smile to create a good first impression.
- A warm and confident smile will put both you and the other person at ease.
- Phone calls. Smile when you answer the call.. It does make a difference in how you are received

The 10/5 RULE

- **10 FEET = EYE CONTACT & SMILE**
- **5 FEET = SPEAK / ACKNOWLEDGE**

18

HIPAA - Training for Privacy & Information Security

- CONWAY MEDICAL CENTER has a strong tradition of protecting the privacy of patient information. Confidentiality has always been part of the hospital culture. However, there is a law that sets a national standard to protect medical records and other personal health information. It is called the [Health Insurance Portability and Accountability Act](#) or HIPAA.

19

19

What is HIPAA?

HIPAA sets national standards for the protection of patient information.

HIPAA applies to ALL health care providers: hospitals, physicians, insurance companies, labs, home care companies and surgery centers. HIPAA covers ALL forms of protected health information... oral, written and electronic.

20

20

Why are volunteers involved with HIPAA training?

It is everyone's responsibility to take the confidentiality of patient information seriously.

Anytime volunteers come in contact with patient information (or any personal health information) written, spoken or electronically transmitted, they become involved with some facet of the HIPAA regulations!

It is for this reason that the law requires awareness training for **all** healthcare personnel, including volunteers.

21

What is Protected Health Information (PHI)?

Information used to identify a patient:

- Addresses
- Dates
- Telephone or fax numbers
- Social Security Numbers
- Medical Records Numbers
- Patient Account Numbers
- Insurance Plan Numbers
- Vehicle Information
- License Numbers
- Medical Equipment Numbers
- Photographs
- Fingerprints
- Email addresses
- Internet addresses

22

21

22

IIHI

This information is referred to as individually identifiable health information (IIHI).

Removing a patient name from a chart is no longer sufficient to de-identify the patient.

HIPAA refers to this information as protected health information or PHI.

Any health information that identifies someone or can be used to identify someone **MUST BE PROTECTED**.

23

Giving Patients Control Over their Information

Only share patient information with other faculty and staff who need the information to do their job.

Avoid accessing a patient's record unless you need to do so for your job or you have written permission from the patient.

You are not allowed to access the record of your co-worker, spouse, or family member unless there is a signed authorization form in the patient's record.

24

23

24

What is TPO?

HIPAA allows us to share patient information for:

Treatment ~ Providing care to patients

Payment ~ Getting paid for caring for patients

Operations ~ Normal business activities such as quality improvement, training, auditing, customer service and resolution of grievances.

If use of the information does not fall under one of these categories you must have the patient's signed authorization, before sharing that information with anyone!

25

What are the consequences of not complying with the law?

It has always been against hospital policy to improperly share, use or dispose of patient information in the wrong way. Under HIPAA laws there are fines and penalties for this.

We treat privacy seriously, which is why every volunteer and team member is required to sign a confidentiality form.

26

25

26

Patient Rights

Under HIPAA, patients have a right to know how their health information may be used or disclose and that they have certain privacy rights. These rights, some new and some revised, are communicated to our patients through a document called **Notice of Privacy Practices (NPP)**.

Rights allow patients to:

Obtain a list of who we have shared their health information with for the past six years. Request to amend their medical record. Request other communications such as asking to be notified of lab results only at work and not at home

27

27

Proper Disposal of Patient Information

We have to handle and dispose of patient information carefully, such as using a shredder instead of throwing patient information away. The procedure for the proper disposal of health information will be part of service-specific training!

RULE OF THUMB....NEVER dispose of patient information in any open area trash bin. When in doubt, ASK.

28

28

CONWAY MEDICAL CENTER

Reporting Violations

It is EVERYONE's responsibility to report violations, or wrong doings. Whether someone received patient information improperly, or shared patient information in the wrong way, everyone has a responsibility to report violations. When in doubt...ASK!!

Your department supervisor / liaison or your Volunteer Director is a good place to start for answers to your questions ...or for reporting issues.

29

CONWAY MEDICAL CENTER

Remember to.....

ALWAYS STOP, and ask yourself, should I be sharing this patient information?
If it doesn't pertain to TPO, don't discuss it!!!

Do not share patient information about fellow volunteers, neighbors and acquaintances. It is protected information, not for sharing!!!

53

MEDICAL EMERGENCY "Code Blue"

Announcement:

"Medical Alert + Code Blue + Location"

- When it is noted that someone is experiencing a medical emergency of any kind, Call "5555" and inform the Emergency Operator that you have a medical emergency and the location.
- An Advanced Life Support team will immediately respond to the location and administer the care that is necessary.

54

Bomb Threat
Announcement: Security Alert "Code Orange"

- Employees are to search their departments and the adjacent public areas. When the search is completed a post it note should be placed on the door or cabinet. If there is time for a second search, by another employee an "X" should be placed on the post it note.
- If anything suspicious is found, do not move, lift, or shake. Call Security immediately.
- Await further instructions from Incident Command.

55

Missing Psychiatric Patient
Announcement: Security Alert "Code White"

- Code White is a code used when a committed patient is attempting to leave the hospital.
- The Operator will announce Code White and a description of the missing psychiatric patient.
- Employees will search their departments and adjacent public areas for the wandering patient.
- If you see this patient,
 - Do not approach them or attempt to get them to return to their room.
 - Call the Emergency Operator (5555) and notify them of the location of the patient.
- The operator will use the hand held radio to relay this information to Security and the nursing units so that appropriate staff can assist the patient back to their room.

Fire

Announcement:

"Facility Alert + Fire Detector + location"

- Know the location of your fire alarm and extinguisher in your department.
- Never use an elevator during a fire.
- Fires or other emergencies can require evacuation of patients; therefore, know your evacuation route and Rally Point.

59

59

TO REPORT AN EMERGENCY

CALL 5555

IDENTIFY TYPE OF EVENT + LOCATION

- FACILITY ALERT FIRE
- FACILITY ALERT TORNADO
- FACILITY ALERT MASS CASUALTY *
- FACILITY ALERT CONTAMINATION*
- FACILITY ALERT TECHNOLOGY INTERRUPTION

58

58

Rally Point

- CONWAY MEDICAL CENTER
- A Rally Point is a specific place outside the facility where employees & patients meet after evacuation to determine if everyone is accounted for.
 - Every department has a Rally Point. **The volunteer rally point at the main hospital building is out the front lobby doors to the parking lot on your left closest to Singleton Ridge Road.** All volunteers in off site locations should be instructed by a manager at the site in which they volunteer.
 - Check with your manager in off site locations to know your Rally Point.
 - A volunteers responsibility is to leave immediately via the closest safe exit.

60

60

Tornado

Announcement:

"Facility Alert + Tornado Warning. A weather alert has been issued for the immediate area. Please remain in the building."

- Stay informed of the local weather if at all possible.
- Close all blinds and be prepared. Patients will be moved away from windows.
- Close all doors

61

61

Mass Casualty

Announcement:

"Facility Alert + Mass Casualty Incident (Internal or External)"

- Mass Casualty is used to denote that we are receiving a increase number of victims into our Emergency Department. Which means that our staffing and supply **needs** may exceed our available **resources**.
- This is announced as **Mass Casualty - Internal**, if the disaster has occurred inside the facility and will be arriving to the Emergency Department quickly.
- If it is announced as **Mass Casualty - External**, the disaster has occurred outside the facility and the victims are being brought to the Emergency Department via EMS which allows us time to prepare.

62

62

Contamination

Announcement:

**"Facility Alert + Decontamination needed + location (if known).
Please avoid this area."**

- Our greatest risk during a hazardous chemical spill is the contamination of our facility or campus.
- CMC has a Decon Team that is trained to respond and provide the decontamination that is required
- Hopefully a contaminated victim would enter through the Emergency Room.
- They could become contaminated by a chemical inside our facility
- Some obvious signs of contamination would be:
 - >Discolored clothing.
 - > Foul Odor.
 - > Liquid or Gel on skin or clothing.
 - > Complaining of burning or pain.

63

63

If you encounter a contaminated victim.....

- Get the victim outside where there is better ventilation; remain upwind if possible
- Stay a minimum of 10 feet from the victim, escort the victim to the fixed decon room outside the ambulance entrance.
- Notify the Emergency Operator at "5555" and have her page a Contamination and the location.

64

64

What are Hot Zones?

- Hot Zones will be marked with tape to denote areas of chemical contamination or hostage situations.
- Do not enter these areas unless properly trained or told to do so.
- During a lockdown the gate guard would inform the incoming employee of the location of a hot zone and where you should park.

65

65

Armed Subject

Announcement:

**"Security Alert + A threatening situation exists in XYZ
All persons should immediately move away from this location**

66

66

Armed Subject

- Call Emergency Operator at 5555 report incident and location. Operator will make necessary announcements
- CALL 911 When you are in a safe area if he/she saw an actual weapon
 - Inform the 911 Operator that this is an active shooter situation

CONWAY MEDICAL CENTER

67

67

Three Minutes.....

- Once notified, Law Enforcement will respond to an Active Shooter as quickly as possible
- Your immediate actions should be focused on maximizing your personal safety until Law Enforcement is able to stop the threat
- Instructions will come via paging system and/or from Law Enforcement

CONWAY MEDICAL CENTER

68

68

Armed Subject

- **Avoid/RUN** starts with your state of mind
 - Pay attention to your surrounding
 - Have an exit plan
 - Move away from the source of the threat as quickly as possible
 - The more distance and barriers between you and the threat, the better

69

Armed Subject

- **Defend/HIDE** when getting away is difficult or maybe even impossible
 - Keep distance between you and the source
 - Create barriers to prevent or slow down a threat from getting to you
 - Turn the lights off
 - Remain out of sight and quiet by hiding behind large objects and silencing your phone

70

69

70

Armed Subject

- **Deny/FIGHT** because you have the right to protect yourself
 - If you cannot Avoid or Deny be prepared to defend yourself
 - Be aggressive and committed to your actions
 - Do not fight fairly
THIS IS ABOUT SURVIVAL.

71

72

Controlled Access (Lockdown)

Announcement:
**"Facility Alert + Controlled Access + location (if known).
 Please avoid this area."**

- Controlled Access, previously referred to as a lockdown, may vary based on the need. In certain situations (Contamination, External Disasters, Violence, etc.) a controlled access of the building and roadways may be required to protect the safety of the employees, patients, visitors and volunteers. In other situations it may be necessary to control access to the hospital or the Emergency Department.

72

Controlled Access cont..

- If there is a controlled access to a certain department (ED or MCHS) you could enter this area with your employee code, but **DO NOT** allow others to enter. They **MUST** use their own code or not be allowed access.
- During a controlled access employees must enter thru Cypress Circle between the Administrative Building and North Tower.
- Make sure you always carry your ID badge home with you. Never leave it behind.

73

73

Security Assistance

Announcement:
"Security Alert + Security Assistance + Location"

- Remember if you **"See Something, Say Something"**, Call Security at 7555 and report anything suspicious. This includes unattended packages, bags, someone loitering around an entrance or in the corridors.
- Call the Emergency Operator at "5555" when you have a potentially violent situation or feel you or your coworkers are threatened and need assistance immediately. Ask her to page Security Assistance to the location.

74

74

Missing Patient

Announcement:

"Security Alert + Missing Patient + Description. Staff to cover assigned exits. Call "5555" if someone meeting this description is found."

- Dial the Emergency Operator at "5555" if you note that a patient is missing, give a detailed description such as: 56 year old white male, 5'9" tall, wearing a hospital gown).
- Employees should search their departments and adjacent public areas for the missing patient.
- Everyone should be on the look out for anyone meeting this description.
- Call "5555" the emergency operator if someone meeting this description is found.

75

75

Infant/Child Abduction

Announcement: "Security Alert + Missing Infant/Child + Staff to cover assigned exits. Stop anyone with an infant/child. Call "5555" if located."

- Infant means the patient does not walk and will be carried or concealed in a bag or box.
- Child means the patient can walk, but may be carried.

76

Infant/Child Abduction cont....

- Upon hearing the announcement, employees and volunteers will search their departments and adjacent public areas for the infant/child.
- At least one employee will man the department's assigned exit.
- If your department is assigned a radio (and it is readily available), take it to your assigned exit and turn it to channel 2 for Security.
- Do not let any infant/child leave without being properly identified.
- Call the Emergency Operator at "5555" if someone meeting the description is found.

77

77

ALL CLEAR.....

At the conclusion of any emergency situation; the Emergency Operator will make an announcement to include the type of incident + all clear. This will be announced three times.

For example: **"Facility Alert + Fire Detector + All Clear; Facility Alert + Fire Detector + All Clear; Facility Alert + Fire Detector + All Clear."**

78

78

Wheelchair Safety

Please review: CMC VOL 22 PRO Wheelchair Procedures for Volunteers

- Volunteers are very responsive to aide in patient wheelchair transport.

SAFETY COACH

What Is the Safety Coach Program?

A program that encourages safe work practices to build a culture of doing things
**the Right Way,
 the Safe Way,
 Every Day.**

How It Works

Give a card to someone doing
the Right thing

This encourages positive reinforcement and the likelihood they will continue to do the *Right thing* and set the example for others to follow.

Before you know it, everyone is doing the right thing, the safe way, every day.
