Volunteer Service

Conway Medical Center cares for its volunteers just as we care for our patients. All CMC volunteer programs share a common goal of enriching the quality of patient care. We appreciate the time shared by volunteers, a strong sense of responsibility and willingness to be flexible. We offer the personal growth and satisfaction that comes from meeting and working with others from community involvement. We believe your rewards will be great and volunteering with CMC will add an important dimension to your life.

CMC Auxillary

Conway Medical Center Auxiliary is an independent 501c3 corporation comprised of volunteers who are interested in participating in fundraising activities. Auxiliary members financially assist the hospital by their participation with sponsoring fundraising events in addition to managing the Conway Medical Center Auxiliary Gift Shop.

Your Gift of Time is Invaluable

Conway Medical Center Volunteers are an integral part of the success of our hospital. Volunteers generously give their time and talents to help ensure our medical center will improve the overall health of our community. Volunteers truly make a difference as a vital part of the quality care our patients receive. Volunteers are placed in areas that correspond with their interests and the needs of the facilities. Join a select group of friends and neighbors who give of themselves to make a real difference for our patients, visitors, and staff. Your gift of time is one that yields so much more in return and comes with knowing you have helped care for others in your own special way.

“Remember that the happiest people are not those getting more, but those giving more.”

— H. Jackson Brown Jr.

You Can Make a Difference

Working with the many unique, caring dedicated individuals that make up the Conway Medical Center Volunteer Program, we are reminded that one person can make a difference in the lives of others.
